**TOOLING INDUSTRY SOFTWARE SKILLS
CONSULTATION SESSIONS**

Windsor – May 21

Cambridge – May 28

Mississauga – May 29

5:00 pm to 7:00 pm

Light refreshments will be served

The Hon. Sandra Pupatello, Ontario's Minister of Economic Development & Trade, recently announced the awarding of \$600,000. in provincial funding to the CTMA to help increase the tooling industry's competitiveness by addressing shortfalls in software skills across the industry. Our goal is to assist the tooling industry acquire advanced training and skills for specific software to help increase your ability to capture complex tooling and increase your sales and profitability.

Company Owners and Engineering Managers from Ontario's tool, die, mould and machining companies are invited to participate in one of 3 consultation sessions as the first step in this process. We are seeking your help to identify:

- shortfalls in current software skills and training programs
- shortfalls in the use of software currently available to meet your current & future needs
- areas where software could be developed to improve a new competitive model
- issues with meshing various software systems into one integrated system
