

PROACTIVE STRATEGIES FOR COMPLIANCE “Discipline For Safety” Training

The Canadian MTDM Federation is pleased to offer all member companies an opportunity for their Managers and Supervisors to participate in a 4-hour training session & workshop being presented by Paul Lanctot of the Industrial Accident Prevention Association (IAPA). Training sessions will be held in Windsor on May 21 and in Milton on June 18, 2008.

LEARN HOW TO ENFORCE HEALTH & SAFETY STANDARDS WITHOUT RESENTMENT, BACKLASH OR OTHER NEGATIVE SIDE EFFECTS

- ☞ Discover why people break the rules and how to handle those that challenge enforcement
- ☞ Improve your ability to confidently handle non-compliant behaviour
- ☞ Learn about your legal obligations when it comes to following and enforcing rules
- ☞ Enhance your knowledge and skill level when dealing with everyday workplace situations involving people
- ☞ Learn the practical application of progressive discipline through case studies that will look at severity, personal protective equipment compliance and lockout.
